Plans of the Junior Chambers of Commerce to sponsor a program on mental health and mental retardation were revealed Saturday night by Dr. Robert Cook, of Johns Hopkins University Hospital, in a talk before more than 500 Jaycees of Pennsylvania at the Gettysburg College dining hall.

Dr. Cook was the featured speaker at the three-day sessions of the July board meeting of the Pennsylvania Junior Chamber of Commerce held at the college here over the weekend.

Complimenting the Jaycees for adopting a program on mental health, Dr. Cook said: "The mere fact that you would adopt such a program shows the tremendous change in attitude that has taken place in the nation toward mental health problems."

AWARDS PRESENTED

Dr. Cook is nationally prominent in mental health work and serves as advisor to President Johnson on mental health and mental retardation problems. He served in a similar capacity for President Kennedy.

With 7,000,000 Americans suffering from mental retardation and 126,000 born each year suffering from retardation, "the time has come for a more active program to help solve this problem. Mental retardation in many cases can be stopped by early detection, and the mentally retarded generally can be trained to live more productive lives in society. Retarded adults who have training are among the most dependable of workers."

A number of national awards were presented including the five top competitive awards won by Pennsylvania Chapters at the national convention in Dallas. Gettysburg Jaycees received two of the competitive awards for community development based on "Campaign Gettysburg" and other programs of the local group. The Viet Cong reportedly reached the Vietnamese army post of about 200 men by blasting their way through huts occupied by military dependents. All the huts were burned.

HEART GROUP GIVES \$1,500 TO STATE CHAPTER

Directors of the Adams County Heart Association have allocated \$1,500 to the Pennsylvania Heart Association to be used with other chapter contributions for special awards in cardiac research.

Announcement of the allocation was made by Rev. Charles E. Held, executive director of the Adams County chapter. He stated that \$1,000 had been contributed for the same purpose last year and that the amount was increased because of the step-up in the research program of the state and national heart associations to conquer heart disease.

In reporting for the fiscal year which closed June 30, Rev. Held said:

"Our campaign contributions grossed \$3,470.12. Besides the research contributions of \$1,000 we made our normal allotment of the Pennsylvania and American Heart associations of \$1,388.05. We purchased \$442.50 worth of Bicillin tablets and \$222.00 was expended for throat cultures at the local hospital. Our efforts in these respects have vastly reduced the incidence of rheumatic fever in this county."

"In addition we have distributed throughout the county a considerable volume of educational materials published by the state and national associations."

"We have nearly 50 hospital beds and commodore located throughout the county. These are in constant use and undoubtedly additional beds and commodore will have to be procured this year."

EXPRESSES THANKS

Rev. Held commented that the Heart Association is performing outstandingly and expressed appreciation for the support being given the organization by individuals and groups throughout the county.

"I particularly want to commend our board of directors and our medical advisors. Their administration of the funds have made it possible to assume the most important responsibilities in the campaign to conquer heart disease and also to be of the maximum service to the public and to those afflicted."

"Our association's record of never having failed to meet its goal indicates the interest manifest in the program and that it meets with public approval."

SEEK BODY OF MIGRANT WHO DISAPPEARED IN POND SUN.

State police divers this morning continued the search for a Negro migrant worker who may have drowned Saturday night in a five-acre pond at the Arthur Rice farm above Brysonia.

Search for the man began Sunday morning at 12:44 when the Arendtsville firemen were summoned, about an hour after the man was alleged to have disappeared into the water.

Biglerville firemen and volunteer skin divers from York were summoned to assist in the search which continued through Sunday.

Clyde Sell, Arendtsville fire chief, said the pond is about "25 to 30 feet deep" at its greatest depth and skin divers were hampered by inability to see at any distance while swimming along the bottom Sunday morning.

SEARCHED THROUGH NIGHT

Sell said that when the call came Arendtsville firemen took one pump to the scene for lights and radio communications, and members of the company who had motor boats took them to the pond. Biglerville firemen were summoned by Arendtsville at the same time to provide portable lights to illuminate the scene, and grappling hooks.

Using the motor boats, the Arendtsville and Biglerville firemen dragged grappling hooks along the bottom of the pond to about 3 o'clock Sunday morning then called in the skin divers.

Sell said he was told that two migrant workers had been along the bank of the pond, which is nearly surrounded by woods and orchard, at about 11:30 o'clock Saturday night when one of the men decided to wade into the pond to recover a boat that had sunk a short distance from the shore. The man waded in while his companion remained on the bank. The man in the water waded out a distance and then disappeared. After waiting for a while on the possibility that the other man might be swimming, his companion sought help from other migrants. When the missing man still was not found, the firemen were summoned.

CLOTHING FOUND

Sell said a pair of trousers and other clothing the missing man was wearing were found along the bank of the pond. About 86 cents was found in the trousers along with a purse which contained the name of another migrant who said he had lent his trousers to the missing man.

State police entered the search and were joined by Sheriff Dawson Miller and his deputies. A search was made around the pond and into the woods nearby in case the man might have crawled out of the pond.

Lawrence Welty and Charles Hefer of the Arendtsville Fire Company at police request stayed on guard duty around the pond throughout the night pending the arrival this morning of the state police diving specialists.

TWO MIGRANTS IN CAR CRASH

Two Puerto Rican migrant laborers were injured about 4:30 a.m. Saturday when their car was involved in a series of accidents on properties along the Mt. Holly Springs Pike a mile south of Carlisle.

State police reported Hortencio Cruz Acosta, 29, Aspers R. 1, traveling south at a high rate of speed, lost control of the car, which ran off the right side of the road and struck a sign at the Carlisle Propane Gas Company.

The car continued through the parking lot of the Bonnybrook Service Station, crossed the Bonnybrook Road and struck a utility pole guy wire. It ran along the pole and struck the electric sign at Sigman's Mobile Homes, Bonnybrook Road, police said.

The 1956 model car was demolished.

Acosta and a passenger were injured and were admitted to Carlisle Hospital. Acosta suffered abrasions of the left side of the body and elbow, and Paul Vega, 32, Aspers R. 1, suffered a possible cerebral concussion and a lacerated skull. Wilfredo Suarez, Aspers R. 1, the third occupant of the car, escaped injury.

LONDON (AP) — Judy Garland was treated at a London hospital today for injuries to her wrists.

The 42-year-old actress and singer was discharged several hours after her admission to St. Stephen's Hospital, Chelsea.

A hospital statement said she was "suffering from minor injuries to her wrists."

After she was discharged, the hospital said Miss Garland had requested it not be disclosed her whereabouts.

Miss Garland arrived in London three weeks ago with Mark Herron, an American actor with whom she was reported to have gone through a Chinese marriage ceremony in Hong Kong last month.

NASA TESTS ION ENGINES

WALLOPS ISLAND, Va. (AP) —T—he National Aeronautics and Space Administration launched today its first flight test of electric engines — potential power plants for interplanetary travel.

A four-stage Scout rocket thundered aloft on a mission designed to send two ion engines on an hour-long trajectory to an altitude of 2,500 miles and to water landing 2,000 miles down range, east of Bermuda.

The flight was designed to provide 53 minutes of weightlessness during which NASA planned to operate and test a cesium-powered engine for about 20 minutes, then turn it off and test a mercury-powered motor for a similar period.

The engines work on the same principle. They expel electrified gas at velocities of more than 100,000 miles an hour.

Although their thrust will be slight, on a sustained basis in the near-vacuum of space it would be sufficient to accelerate spacecraft to the speeds required for the tremendous distances of interplanetary flight.

Says Church Needs Change Of Focus

READING, Pa. (AP) — "Too few people in the churches know about the significance of ecumenicity or even understand the meaning of the word," Bishop Reuben H. Mueller, a senior bishop of the Evangelical United Brethren Church, Sunday told the Fifth Quadrennial General convention of the church.

He defined the word in terms of the "achievement of functioning Christian cooperation and unification in local communities."

He added: "This demands a radical change of focus, the direction of effort and devotion in a unified way on the local scene and, consequently, the ablest leadership for councils of churches that can be found."

Bishop Mueller, of Indianapolis, is under assignment to the West Central area of the denomination and president of the National Council of Churches of Christ in the U.S.A.

HEART VALVES ARE INSTALLED

DANIELSVILLE, Pa. (AP) —Mrs. Stanley Clark, 40-year-old mother of three, saying she'll "never complain about household chores again," cheerfully looked forward today to the normal life doctors have promised her.

Mrs. Clark Walked out of Lankenau Hospital at Philadelphia Saturday just 30 days after a rare operation in which surgeons installed two artificial heart valves. The operations climaxed a 10-month progression of heart failures.

Doctors at St. Luke's Hospital in nearby Bethlehem and later at Lankenau Hospital said Mrs. Clark had rheumatic fever 22 years ago, damaging two heart valves.

Rarely are two heart valves replaced in one operation. The metal and plastic valves were installed in a five-hour operation during which the heart was at rest, substituted by a heart-lung machine. Mrs. Clark's heart was jolted back into rhythmic beats again by an electric shock device.

The Ethiopian army has about 30,000 men.

HARLEM RIOTS BOOST BARRY, SAY BRITISH

LONDON (AP)—British newspapers said today the violence in Harlem holds grave dangers for the United States. One said it may carry Sen. Barry Goldwater to the White House.

"America could be on the verge of something really frightful," said the conservative Daily Sketch.

"Every flareup in Harlem, every petty punch-up between Negroes and whites that happens to rate a paragraph this summer will almost certainly mean more bitter, frightened votes for Goldwater."

"Every Sunday like yesterday, in Harlem or anywhere else, increases the possibility that Barry Goldwater will move into the White House in January."

"ANGER AND FURY"

Daily Express correspondent David English wrote from New York: "Now there is just heat and dirt, anger and fury in Harlem."

Hella Pick, New York correspondent of the Guardian, cabled that "the country's more responsible Negro leadership is worried."

"Their problem remains: how to prevent violence within their own ranks. They more than anyone else are aware that every act of violence from the Negro side is one more vote for the now hated enemy, Sen. Goldwater."

FANTASYLAND 5 YEARS OLD

The first Indian attacks in Gettysburg in 160 years occurred Saturday and Sunday at Fantasyland with the opening of Ft. Apache in the new "western frontier" area of the local amusement park, marking its fifth anniversary over the weekend.

Bands of local "Indians" and "defenders" battled constantly during the daylight hours for possession of the fort, and more than 1,000 volunteer firemen helped to have the fortress from total destruction after raiders fired it in numerous unsuccessful attempts to burn it to the ground.

The volunteers were made honorary fire chiefs of the "Fantasyland Fire Department" before they left the park.

Each time the Indians started a fire the alarm was sounded and "volunteers" from every section of the park ran to the fire engine for the ride to the fort, where firemen used hoses to extinguish the "blazes." The raids will continue throughout the summer, according to Kenneth Dick, owner of the park.

Returning to help with the birthday anniversary celebration were "Percy Platypus and his Pals," with puppeteer Mary Jane Landis, WGAL television. Percy and his Pals assisted in the initial opening in 1959.

be characteristic of the nation." Gordon Adair, Scoutmaster of Boy Scout Troop 78, read portions of the Declaration of Independence. It was pointed out that the 13 colonies in seeking to throw off British colonialism had not as yet developed the idea of a nation. They thought of themselves as 13 sovereign states.

Attorney John A. MacPhail told how it became apparent that the Articles of Confederation, binding the 13 freed colonies, and which Canada had been asked to join, did not provide the government needed, and the Constitution of the United States came into being as more and more persons realized the need of a federal government for the colonies. Attorney MacPhail told of the struggle to establish the constitution and the nation.

TEETER SPEAKS

Attorney Daniel E. Teeter told the group: "The men who wrote the constitution did their work well. Our nation has continued for 175 years under the constitution written by these few great men for a small agricultural nation of about 2,000,000 people. Our nation has spread from coast to coast, from Canada to Mexico. It has grown and changed and become a world power. Yet only 23 times has it been necessary to amend the constitution written by the founding fathers of our nation. And ten of those amendments came with the constitution—the Bill of Rights, the first 10 amendments, which spelled out the liberties of the people." He described briefly the various amendments, noting that "as a nation we make mistakes and admit them. We amended the constitution to bring about prohibition and, finding it did not work, again amended the constitution to remove the 18th amendment."

STUDY SCHOOL SUBSIDY PLAN

The Pennsylvania Farmers' Association policy on school subsidies was discussed at a meeting of the Carroll's Tract Advisory Council last Wednesday evening with Thomas Dolly, Fairfield R. 1, as the leader. The meeting was held at the home of Mr. and Mrs. Calvin F. Bream, Gettysburg R. 3.

Mr. Dolly told the group that a revision of the state school subsidy system will be an important issue in the 1965 session of the General Assembly. He said a 10-member high level has been set up by the governor to develop a program that will provide adequate funds for quality education in the state.

He said a second study is being made by the Fels Institute of Local and State Government in Philadelphia to gather facts about the contention that metropolitan areas have not been receiving a fair share of the state school subsidies.

The Carroll's Tract group decided to back the present subsidy system based on the number of pupils enrolled in public schools rather than one based on total child population.

The council will meet August 19 at 8:30 p.m. at the home of Mr. and Mrs. Francis Schultz when the 1963 state School Reorganization Act will be discussed.

James T. Hays, general chairman, urged the Scouts, Cubs and Explorers to enter the Nathan Hale Award contest based on essays on America's heritage written by the youths. G. Henry Roth was master of ceremonies.

Preceding the program the Scouts and their families picked at the fairgrounds.

PRECEDDED BY PICNIC

The program concluded with a presentation by Boy Scout Troop 72 of Bendersville during which Stanley Gochenour, junior assistant Scoutmaster outlined the patriotic heritage of America while the members of the troop hummed patriotic songs. Boy Scout Troop 79 of Gettysburg, who were garbed as Indians, lit the ceremonial campfire in an Indian ceremony at the opening of the program. in the center of Harlem. Outside the funeral home, a crowd of about 500 gathered. Inside was a capacity crowd of 150 mourners. About the time funeral services were under way, bottles and other missiles began crashing in the street. Patrolmen, waving nightsticks, began charging into crowds that poured from behind police barricades.

The Negro killed Saturday night was identified through fingerprints as Jay Jenkins, 41, an ex-convict with a record of 10 arrests, police said. They said he had been standing on the roof of a four-story building hurling bricks.

Harlem has been in recent turmoil over tenement conditions, Negro charges of police brutality and inadequate schools.

Police Commissioner Michael J. Murphy issued an appeal to be read in Harlem churches at Sunday services calling for "calm, lawful action."

ONE HUNDRED YEARS AGO

The Battle Of Monocacy: The 37th and 138th Regiments were in this battle and acted gallantly. The 37th lost 42 killed and wounded and 126 still missing. Adjutant Martin, of Oxford, was mortally wounded and since died. Sergeant Elias Sheads of this place had both feet taken off by a shell and died the same day; also Wm. Sheads and Ephraim Snyder were wounded. In the 138th, Emory Guinn, John Tate (son of Robert), Amos Snyder, Amos Myers, Elias Stone-sifer, Nicholas Wilson, Jacob Clepper, Abraham Markley, Alex Culbertson, Simon Sigafosse and Theodore Clepper, were wounded. Emory Guinn had his leg amputated above the knee.

Lieut. J. M. Thompson of the 49th Pennsylvania Regiment has been appointed Provost Marshal at this place. He arrived on Monday morning week with a guard of 12 men and entered upon the discharge of his duties. During last week a large number of stragglers from our army, who were outflanked by the rebels at the Monocacy fight and cut off, arrived in this place and the Provost Marshal here took the proper steps to return them to their regiments. A number of rebel deserters came in last week and were sent to the military authorities at Harrisburg by the Provost Marshal.

The Excitement Is Over: Our farmers have returned with their horses. Nearly all the wheat has been gathered in, and what has not, soon will be. The few who kept their horses at home, finished their harvest last week and helped their neighbors beside.

Fire: At about 5 o'clock on Friday evening the roof of Provost Marshal James Rouser's dwelling on Washington street was found to be on fire, threatening the destruction of the building and others adjacent. With hard and active work, however, it was arrested after burning probably half the roof. It was caused by fire crackers.

SEVENTY-FIVE YEARS AGO
The Springs Hotel is rapidly filling up with guests from Baltimore and the Eastern cities.

A Pushing Fellow: On Friday evening a stranger of about 35 years of age, poorly dressed, appeared in McSherrytown, giving the name of Henry Filmore. He said he intended to start a carriage factory there and next day bought a lot of ground, promising to pay cash when the deed was delivered. He changed his boarding house on Sunday, got acquainted with the daughter of the house and on Tuesday married her. The day before he had already bought the lumber for the buildings of the carriage factory and had engaged workmen to erect them. Everything went on swimmingly; he bought a horse, new harness and several buggies, all to be paid for as soon as the money was received from his mother in Fredericksburg, Va. Buggies by the car load were enroute from the west consigned to him, he said, hence the haste with which the buildings were pushed. Saturday night he paid his workmen in part (with money borrowed from several individuals in small sums). The lumber was not paid as contracted for, however, and the firm pressed him for the money, causing a collapse of the bubble. The lumber not yet used was returned by

Today's Talk

GRIN — AND BEAR IT!

Emergencies are what call out the measure of a man. It's an old adage to "grin and bear it." But if you can't grin, then I would say — bear it anyway! In facing up to emergencies one finds it is far easier to grin and bear a thing one knows one has got to bear anyway than to fuss and complain. The path is smoother — even though it is rough — under such a philosophical course.

And right here I would like to state that every man should have a philosophy — and every woman as well!

A philosophy of life is one of the most valuable possessions any one can have. It is not only a guide, but a balancing force. It implies a sense of humor and a cargo of courage, as well as a sense of vision.

Of course there are limits when revolts are necessary — but they are last resorts. Paths of patience should never be short.

Grin — and bear it. Don't mope and sulk! The past is gone. The future is never at hand. The present offers the great chance. Plough through! It is a false philosophy that "opportunity comes but once." Opportunity is forever knocking, but, as a friend once remarked to me, "one should not expect opportunity to kick the door panels in!"

Whatever the emergency, be equal to it. Depend upon no one but yourself — expect from no one else but yourself, essential applause. Self-satisfaction is the supreme achievement. It is the supreme success.

Let not life confound you, confuse you. Troubles and losses do not just dribble one by one. Often they come in droves and battalions! Grin — and bear them. Do not faint over possible consequences. Learn to master events! Pay attention to the IS — not the WAS or the MAY. Self-containment arises alone from self-solution. Perhaps it is better to bear it first, and then to grin heartily afterward! But bear through, anyway.

him to the sellers. He still said the money was coming but investigations proved that he was not the man, financially, that he pretended to be and the other day he departed ingloriously for parts unknown, at the command of his father-in-law. His career was eventful as it was brief. But little over a week in the town, to which he came a perfect stranger, he departs, leaving behind him a wife, a number of small debts due sundry merchants and individuals, and the record of being the most pushing individual, in business and matrimony, yet seen in that most enterprising of places, McSherrytown.

THE NEXT GENERATION

We shall leave you many problems, many tasks we couldn't do.

We shall leave a world unfinished that shall need the best of you, And I wonder as I see you grouped in school and college still, If you know the chance that waits you in the places you must fill.

The voice of opportunity is calling loud for men; Men of wisdom, men of courage, to set right the world again; Men of honor, men of vision now are needed, men the future's work to share; And I wonder if you've heard it, and have started to prepare.

We have blundered; we have stumbled and have somehow lost our way. In the wreckage of our failures we are gropers all today, But you boys who follow after face a future strewn with need And endless opportunities to conquer and succeed.

BOY SCOUT JAMBOREE

By JERRY HARTZELL
Member Troop 78

Our Jamboree Troop left the York Shopping Center about 9 o'clock Thursday morning. We traveled by bus and arrived at Valley Forge at 11:15 a.m. We had lunch and then set up our tents. By supertime we had set up the tents, the dining flies, the gateway and had put together four picnic tables. That night many of the boys traded patches while others visited Scouts from other states, or purchased food and souvenirs at the trading post. Friday morning the Jamboree was officially opened when an aerial bomb was set off near general headquarters. The remainder of the morning was occupied with trading patches and visiting. Our troop used the rifle ranges Friday afternoon. Rick Sievers, York, won an award for having the best score in the troop, 99 out of a possible 100.

We attended a show in the arena Friday evening. Among the many speakers were Lady Baden-Powell, wife of the founder of scouting, and Joseph Brunton, chief Scout executive in the United States. Following the show there was a fireworks display.

ATTEND SERVICES

Our troop was on the trap shooting range Saturday morning. Greg Moul, York, had the best score hitting eight of ten targets. In the afternoon we took part in a weight-lifting demonstration at the Skillorama.

We participated in the American Heritage campfire, part of a national program, Saturday night, after which we visited the trading post.

We attended religious services Sunday morning. A low pontifical Mass was held for Catholic Scouts with the Most Rev. John P. Cody, S.T.D., apostolic administrator of the archdiocese, as the celebrant. Jewish and united Protestant services were also held.

Must Have Been Quite A Party

PITTSBURGH (AP) — A 19-year-old Marine was arrested Sunday and charged with keeping a disorderly house after police broke up what they said was a three-day party that caused heavy damage to a \$75,000 home.

Daniel Chidester was arrested at his parents' big home in the city's Oakland section. There were 25 persons there at the time who Chidester said were helping clean up.

Police were summoned by Chidester's aunt and uncle who had been asked to look after the house while Chidester's parents were in Europe.

Officers said 200 to 300 persons had attended the party at various times. They said the house was littered with bottles and cigarette butts and that damage included a \$10,000 rug that was described as ruined.

MIDGET AUTO RACER KILLED

HATFIELD, Pa. (AP)—A 27-year-old flying instructor and midget auto race driver has been killed in an accident at the Hatfield Speedway — the third auto racing fatality in Pennsylvania in the last three weeks.

George Gancarz, 27, of Bristol, was killed Saturday night on the third turn of the 23rd lap of the scheduled 25-lap feature for midget cars.

His car ran over the wheel of another auto driven by Dutch Schaefer, of Long Island, N.Y., jumped the guard rail and rolled over several times.

Schaefer's car crashed into the railing but he escaped injury.

The accident halted the race and Red Riegel, of Leesport, was declared the winner.

Gancarz, a bachelor, was a flying instructor at the Morrisville Airport.

On July 12, Harvey Marsh, 24, a mechanic from Morgantown, Pa., was killed when two cars crashed through the railing into the pit area at the Grandview Speedway near Boyertown.

Tony Bonadies, 47, of The Bronx, N.Y., was killed July 5 at the Williams Grove Speedway near Harrisburg.

WHITEY FORD SHUT OUT BY TRIBE; BIRDS EDGE TIGERS

By MURRAY CHASS

People can say a lot of things about Dean Chance, but one thing they have to say is he's patriotic.

Chance, 23-year-old pitcher for the Los Angeles Angels, paints the town red, whitewashes the opposition and makes them feel blue.

The ace right-hander pitched his third straight shutout and sixth of the season Sunday as the Angels stopped Minnesota 4-0 for a sweep of their double-header and moved into the American League's first division for the first time since the first week of the season. The Angels won the first game 8-6.

YANKEES SPLIT

Chance, whose nights—and early mornings—on the town with teammate Bo Belinsky threatened to become legend in their time, hasn't allowed a run in 27 innings since he started for the AL in the All-Star Game.

Only Whitey Ford, 12-3, has more shutouts this season. The Yankee veteran has seven, but he has made four more starts than Chance.

Meanwhile, Ford and his New York teammates were the victims of another shutout. Cleveland's Luis Tiant, a 23-year-old Cuban right-hander, stopped the Yankees 3-0 on four hits in his first major league game. The Yankees won the opener 6-2.

SENATORS SPLIT

Not so fortunate as Chance and Tiant was Wes Stock, a reliever whose 12-game winning streak was halted by the Chicago White Sox 3-2 in 13 innings. Stock hadn't lost since July 12, 1962. Chicago also won the second game 4-3, moving into second place, one game behind league-leading Baltimore.

The Orioles edged Detroit 5-4 while Washington nipped Boston 5-4 in 10 innings after losing the opener 11-10 in other AL action. Baltimore got solo homers from Boog Powell, Sam Bowers and Charley Lau in the only single game on the majors' busiest day of the year. Rookie Wally Bunker won his 10th game against two defeats although he needed relief help. Jerry Lumpe, Dick McAuliffe and Bill Freehan homered for the Tigers.

SENATORS WIN 2ND

Mike Brunley's two-out single in the 10th inning gave the Senators a second-game victory. Boston scored three runs with the help of three Washington errors, two by Ed Brinkman, who homered and scored the winning run after singling.

Don Lock drove in six Washington runs in the doubleheader with two homers in the opener, two doubles and a single. His first game hitting was overshadowed by Ed Bressoud's three-run homer, two-run homers by Tony Conigliaro and Felix Mantilla and solo blasts by Carl Yastrzemski and Dick Stuart, all for the Red Sox.

Glen Rock Downs N. O. Legion Team

The New Oxford American Legion dropped into a tie for fifth place in the York County Legion Baseball League as Glen Rock carried off a narrow 2-1 margin on the winner's field, Saturday afternoon. New Oxford is now 3-3 on the season.

A single by McKim and Phil's triple accounted for New Oxford's lone run in the top of the fourth. Glen Rock tallied in the third and the eventual winning run in the bottom of the sixth.

New Oxford was held to four scattered hits. Schrader, who went the distance, is charged with the loss.

Sunday's Game
SP All-Stars vs. Susquehanna All-Stars at Hellam, 2:30 p.m.

The Even All-Star team walked off with a 7-4 win over the Odd team in the annual tilt Saturday night while on Sunday the league leaders, Arendtsville, Taneytown, McSherrystown and Littlestown, carried off victories and Bonneauville capped its first decision of the season to highlight the weekend's activity in the South Penn League.

The Even All-Star team composed of players from Cashtown, Taneytown, Brushtown, Mummaburg and Bonneauville, defeated the Odd All-Stars, composed of players from Arendtsville, Harney, Littlestown, McSherrystown and New Oxford, 7-4, Saturday night on Littlestown's Memorial Field.

The Even team sent nine men to the plate in the first inning to tag hurler Ron Weigle for four hits and three runs. They were never in trouble the remainder of the contest. Littlestown's Bill Heyser topped the losers with a perfect three for three. Don Favorite and Bob Roth from Taneytown and Brushtown respectively, topped the winners with a pair of safeties each.

Walt Donahue, Taneytown, started on the hill for the Even team and receives credit for the win while Weigle, who tossed in only the first two frames, is charged with the loss.

Bonneauville captured its first victory of the year with a two-run uprising in the bottom of the ninth as they defeated Mummaburg 9-8 on the winner's diamond. Larry Ecker's long double in the last frame with men on first and second highlighted the surge. Not only did Ecker's blast give his squad an initial win but it also was his first victory as a hurler.

Bonneauville recorded the league's first triple play of the year. With men on first and third, L. Knippie rifled a high foul behind the plate. Bill Orndorff pulled the sky ball in, threw to first to catch sleeping Glenn Herring. Eckert, played first base at the time, spotted J. Deckert attempting to score and fired the ball home to catch the runner and completing the triple play.

Breighner and Hartzel kept Mummaburg in the game with long home runs. E. White belted out a trio of safeties for the losers.

An unearned run in the top of the eleventh inning gave the McSherrystown team a thrilling 5-4 win over Cashtown on the loser's field.

Both teams tallied a run in the eighth to knot the count at 4-4 and send the encounter into extra innings. Singley, S. Sites and Chapman paced the losers with a pair of hits each, Chapman contributing a triple. Staub banged out three for six for the winners including a pair of triples.

In Sunday's remaining games Arendtsville topped Harney 10-3 on the winner's diamond and Taneytown traveled to Brushtown to squeeze out a thrilling 2-1 verdict.

Wallace's Withdrawal Enhances Barry's Hopes In The Southern States

EDITOR'S NOTE—Jack Bell, veteran Associated Press political writer, rounds up the major weekend political developments and analyzes the significance of Alabama Gov. George C. Wallace's withdrawal as an independent candidate for president.

By JACK BELL
WASHINGTON (AP) — Alabama's Gov. George C. Wallace's abandonment of an independent presidential effort invited Sen. Barry Goldwater today to pursue an all-the-way conservative drive against President Johnson.

When Wallace announced Sunday he was giving up the effort to get his name on presidential ballots in 16 or more states, he removed a serious obstacle to Goldwater's chances of carrying several Southern states in the November battle with Johnson. Wallace appeared on CBS' "Face the Nation."

The action offered the Republican presidential nominee some possible rewards in Dixie, if he maintains his conservative course, that would have to be weighed against what he might gain elsewhere if he yielded to intra-party pressure to swing toward the middle of the road.

Rep. William E. Miller of New York, the vice presidential nominee, indicated he would like to see some overtures to the party's moderates and liberals in the Northern industrial states that would bring them around to active support of the national ticket.

But Miller said in response to questions on NBC's "Meet the Press" that failure to get the backing of such men as Sens. Jacob K. Javits and Kenneth B. Keating of New York, Hugh Scott of Pennsylvania and Clifford P. Case of New Jersey "won't be fatal."

Goldwater said in Phoenix, Ariz., he thinks he will do well in New York and Pennsylvania in November.

Miller said he favors a summit meeting of Republican leaders of all shades of opinion to canvass the prospects for the campaign and to give their advice on strategy.

Goldwater, who returns to Washington today after a week-end in Phoenix, said during the California primary campaign in June he intended to call such a session. He has not mentioned it since his nomination.

The Arizona senator said "conferences that I will have nothing to do with" will go on during the next two weeks to "plan the type of campaign we will conduct."

Asked who would attend, he replied: "The academic types, the engineer types and the political types."

EISENHOWER TO CAMPAIGN

Goldwater said that former President Dwight D. Eisenhower had promised to campaign for him and would tell him soon how many speaking appearances "he could stand." He said he hopes Eisenhower will be able to campaign with "a half dozen to a dozen speeches."

Goldwater expressed surprise at Wallace's decision to quit his independent presidential movement but did not comment further. In Austin, Tex., White House press secretary George Reed, said: "Gov. Wallace is entitled to any decision he wishes to make."

PUBLIC LINKS CHAMP NAMED

MINNEAPOLIS (AP) — The National Public Links Championship, representing golf's grass roots, has wound up in typical fashion where the blades are green.

Carrying the title today is the smallest man ever to win it and a hospital case to boot. He is 5-foot-5, 130-pound Bill McDonald.

Mac is a bespectacled, 20-year-old music major junior at Washburn University in Topeka, Kan. His dad is baseball coach there and a scout in the St. Louis Cardinal organization. Billy wore blisters on his feet the size of silver dollars. This never happened to him while he was marching in the Washburn band as a trumpet player.

At the lunch break Saturday in his 36-hole finale against 31-year-old Dean Wilson, an Omaha public links champion of his, he had postal clerk and four-time home town, McDonald was taken to General Hospital to have his feet treated.

AKRON, Ohio (AP)—Defending champion Robyn Johnson, an Olympic hopeful, won the women's National A.A.U. long distance championship Sunday.

AUSSIES BEAT CANADIANS 5-0

By THE ASSOCIATED PRESS
One down and four to go. That's the situation today for Australia in its campaign to regain the Davis Cup from the United States.

The Aussies qualified to meet Mexico in the final of the North American zone tennis competition by completing a 5-0 sweep of Canada at Montreal Sunday. Mexico clinched its spot in the final by taking 3-0 lead over New Zealand at Mexico City with victory in the doubles.

Australia and Mexico clash at Mexico City Aug. 1-3 with the winner taking on Chile, South American victor, in the American Zone final. The American Zone inner then takes on either Sweden, France or the Philippines in the interzone final for the right to play the U.S. for the Cup in the challenge round at Cleveland Sept. 25-26-27.

Eastern League

By THE ASSOCIATED PRESS
The Eastern League Williamsport Mets, like their parent major league New York Mets, have been cellar dwellers virtually the entire baseball season.

But take it from the league-leading Springfield Giants, the Mets are no pushover. As a matter of fact, the Giants are glad to see the Mets get out of town after going down to a 7-2 defeat Sunday. It was the fourth victory for the Mets in the six-game series which ended Sunday at Pynchon Park.

In the only other EL game Sunday, Charleston defeated Reading, 6-2.

Right-hander Tom Belcher (7-3) held Springfield to five runs in the first three innings. Four of the runs were unearned however, as the result of two errors by shortstop Bob Holbert.

Bruce Fitzpatrick was the hitting star for Williamsport with a three-run double in the first inning.

Tonight's games: York at Springfield, Elmira at Reading. Only games scheduled.

Man Slain As He Tried To Give Aid

PHILADELPHIA (AP)—One of two gunmen who had forced their way into an apartment at gunpoint shot and killed William H. Dorsey, 61, as he ran to the aid of a neighbor, police reported.

When the two men entered the apartment of James Payton, 70, on Saturday night, police said, Payton shouted for help. This brought Dorsey, who had grabbed a shotgun, on the run.

One of the men stepped into the hallway and fired one shot at Dorsey, killing him, police said.

3 PA. BACKS TO CARRY BALL

HARRISBURG (AP) — Pennsylvania will have three proven fullbacks lugging the ball when the commonwealth matches football talent with Texas Aug. 1 in the Big 33 high school all-star game at Hershey.

The Keystone trio combined for 3,401 yards rushing and 39 touchdowns last fall.

They are Bill Rettig of Butler, Dan Lucyk of Mahanoy Area and Bob Baxter of Nesheim.

Rettig scored 14 touchdowns and gained 1,112 yards in leadership.

RUTH JESSEN WINS \$1,500

GRAND BLANC, Mich. (AP) — Ruth Jessen won the \$10,000 Ladies Professional Golf Association Yankee Open and spoiled hopes of leading money winner Mickey Wright for a record-matching fourth straight tournament victory Sunday.

Miss Jessen, of Bonsall, Calif., fired a four-under-par 68 for a 213, three under par.

Miss Wright, after leading through Saturday's 36 holes of the 54-hole tournament at Atlas Valley Country Club, placed second with 74 for a par 216.

Miss Jessen's victory avenged a close loss to the Dallas golfer in a playoff for the USGA Women's Open title last week at San Diego, Calif. Miss Wright had been shooting to match her own consecutive tourney victory record. Sunday's victory meant \$1,500 for Miss Jessen and \$1,200 for Miss Wright.

ing his team to the finals of the WPIAL-Class AA race. Baxter rushed for over 1,200 yards and also scored 14 TDs. He is equally adept in the kicking department, booting 15 extra point last season.

Lucyk finished the year with 1,089 yards in 209 carries, accounting for 11 six pointers.

Stock Averages Continue Climb To Set New Records

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Emotion or computers? What is sending the stock market averages up—hunches or cold calculations?

For two straight weeks all three of the Dow-Jones averages—30 industrials, 20 railroads, 15 utilities—have made new highs. This is the first time since 1929 that all three have set records in any one year.

Is it the economic outlook? Is it political excitement and predictions? And who is making this market—the average stock holder or the pros?

CREDIT PROFESSIONALS

The professionals get most of the credit, but what makes them tick? Many think that calculation is the clue to the stock market behavior today even more than ever.

The tradition is that insiders with all the tips and prior knowledge coldly calculate how or that stock or the market in general will react to any foreseeable set of events.

More recently the notion has grown that the big investors—a comparatively few well-heeled individuals, but even more the pension funds and other institutions—do the cold reasoning and buy or sell more or less in unison.

But veterans on Wall Street warn against this easy view of the market.

LOOK AT HOLDINGS

They point out that there are now estimated to be 17 million or more Americans holding stocks, each a potential buyer or seller. Most of them may be

AP REPORTS CAME CLOSE TO GOP VOTE

SAN FRANCISCO (AP)—A steady stream of reports on where convention delegates stood, distributed by The Associated Press beginning last March, foreshadowed Sen. Barry Goldwater's nomination.

The Associated Press came within 25 votes of forecasting the Arizona's first-ballot total.

The reports enabled Associated Press members to publish and broadcast a continuing count of delegate totals long before the convention opened. AP staffers in every state helped compile the totals.

DELEGATE POSITIONS

Delegate positions were assigned on the basis of instructions from state and district party conventions on whom to support, commitments by primary election laws, personal pledges and statements from delegates favorable to a candidate but not officially bound.

One week before the convention opened, this was the score in the AP tabulation, with 655 votes needed to nominate:

Goldwater 711, Henry Cabot Lodge 45, Richard M. Nixon 3, Nelson A. Rockefeller 102, William W. Scranton 151, others 120 and uncommitted 176.

Wednesday night, before large blocs of votes swung into the senator's column after the first ballot, the vote stood this way:

Goldwater 883, Lodge 3, Rockefeller 114, Scranton 214, Sen. Margaret Chase Smith 27, Sen. Hiram Fong 5, Walter Judd 21, and Gov. George W. Romney 41.

FINAL AP SURVEY

And on the final AP survey of the 1,308 delegates, transmitted shortly before the convention roll call the count read:

Goldwater 838, Scranton 217, Rockefeller 110, others 112 and uncommitted 11.

Thus Goldwater got 25 more than the AP survey credited him with. The Scranton figures were close—three delegates being all that separated them.

Associated Press members also had the first news of a highly confidential meeting of Republicans a year and a half ago that signaled the big push for Goldwater's nomination.

DECEMBER MEETING

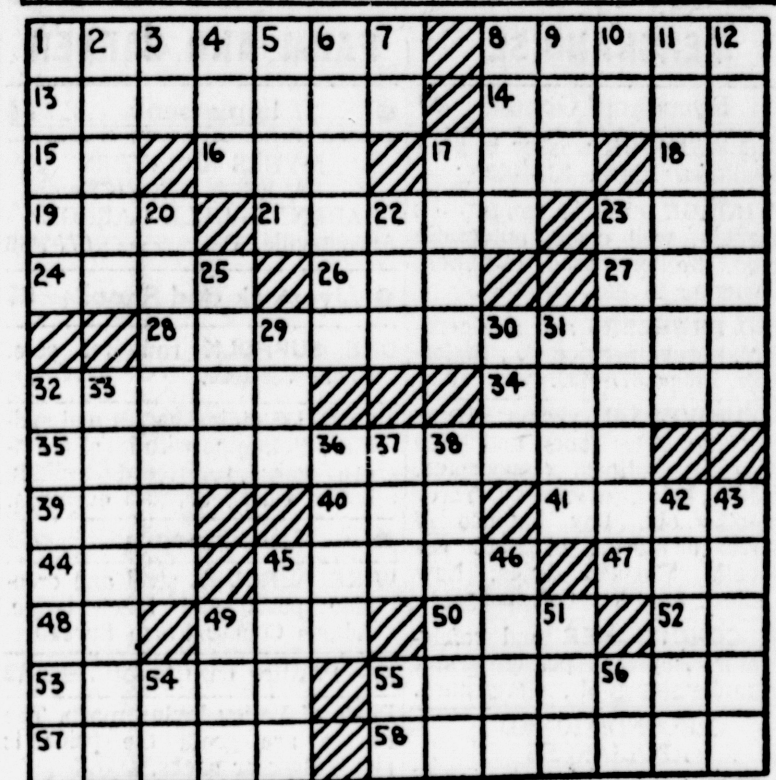

This meeting was held Dec. 2, 1962, in Chicago, at a motor hotel, with no public notice. The Associated Press learned of it, however, interviewed various persons who attended, and reported Dec. 3 in a story from Washington:

"Their objective: to get, as one put it, 'an honest-to-God conservative Republican candidate for president'—and, incidentally, to try to block the road for Gov. Nelson A. Rockefeller of New York."

National Park Service conservationists fear that lack of water could burn away the Everglades National Park.

MUSHROOM FARM BURNS

BUTLER, Pa. (AP)—Fire, feeding on dried fertilizer and wooden trays, swept almost the entire above-ground operation of the Butler County Mushroom Farm today.

The farm, one of the largest mushroom growing outfits in the world with 506 acres above ground and more than 15 miles of growing rooms below, is located about 10 miles south of here and 30 miles north of Pittsburgh.

Elmer Bennett, president of the farm, put the damage in the hundreds of thousands of dollars. Firemen said it could be more than a million.

The fire broke out late Sunday night in one of a series of connecting warehouses that cover an area about equal to a city block. Although the warehouses are made of concrete, lizer and wooden trays holding mushrooms.

More than 150 firemen battled for six hours before bringing the blaze under control. One fire-
